General Information

Fascia's, bottom and vision slats along with guide rails may be a slightly different shade to the curtain.

Woodgrains and painted Woodgrains are supplied with brown vision slats when required. Irish Oak, Golden Oak and Rosewood Woodgrain doors are supplied with matching bottom slats and brown or white guides and end plates as standard.

We recommend the use of photocells in addition to the standard bottom slat sensor in garages where a vehicle will be parked close to the door. Moreover, where a door opens directly onto a pavement or in a public area, a combination of bottom slat sensor and photocells is a suggestible requirement. Photocells are not supplied as standard with Rollixo but can be specially ordered.

For Trade Credit conditions may be reviewed at all times at Our sole discretion. If the Client credit ratings become unsatisfactory, we reserve the right to refuse any order or Contract, or to request full or partial payment prior to delivery and/or performance, or to request Client to provide security, without any prior notice needed.
